Launch Schedule

Client account sign-up & creatives

1-3 business days

Axero app prep & submission

2-5 business days

App approval

1-14 business days

Begin Submission

If you have already completed payment for your white label app, please follow the steps below to submit your app info and creatives to Axero.

1. Download [AppPreparation.zip](#). This file contains a template for all creatives and a word document for app submission details.
2. Creatives in px sizes and .png format.

icon.png	1024x1024
splash.png	2732×2732
login_image.png	3031x598

3. Choose a Bundle identifier, it should be something like **com.domainname.appname** For example: com.axero.communifire, and share it with Axero.

4. Please follow [How to Create Firebase Project](#) and create a Firebase project using your official Google Play Store Console account and share google-services.json and Server key with Axero.

5. [Submit](#) your AppPreparation.zip file containing your creatives and app submission details in a [case](#) to Axero.
