

Wiki Permissions

Version 15

Published 2/2/2017 09:49 PM by [Anonymous User](#) Last updated 6/18/2021 07:09 PM by [Grace Kamau](#)

Wiki permissions control who can see, create, and manage wiki pages.

Setting Wiki Permissions

1. From the space, click **Manage Space > Permissions**.
2. In the dropdown menu, select **Wiki**.
3. Check or uncheck permissions.
4. Click **Save Changes**.

Wiki Permissions

Permission	Description
Create	Allow the user to create wiki pages
View	Allow the user to view wiki pages
Edit	Allow the user to edit their wiki pages
Delete	Allow the user to delete their wiki pages
Upload Attachments	Allow the user to attach files to their wiki pages
