

Tasks

Version 18

Published 9/29/2014 07:58 PM by [Bryce Johannes](#) Last updated 6/18/2021 07:37 PM by [Grace Kamau](#)

Tasks are to-do items relevant to a space. Tasks are separated into task lists and are assigned to specific users. Tasks have a priority and status and can have a due date and estimated completion time. You can sort tasks and move tasks to different task lists. Users can comment on and follow tasks.
