

# User Section Permissions

Version 13

Published 3/24/2017 08:54 PM by [Anonymous User](#) Last updated 4/30/2021 10:28 PM by [Grace Kamau](#)

User section permissions control who can manage users and user-related features in the Control Panel.

Permission	Description
Create	Allow the user to add a user
View User Profile	Allow the user to view user profiles
Edit	Allow the user to edit their profile
Moderate	Allow the user to manage pending users, banned users, and banned IPs
Send Bulk Email	Allow the user to send mass emails (Using <a href="#">Mass Email</a> or <a href="#">Send Email</a> )
Roles	Allow the user to manage roles, assign roles, and manage <a href="#">Getting Started Steps</a>
Ranks	Allow the user to edit point levels
Manage Profiles	Allow the user to manage the pages and areas in Control Panel > People > <a href="#">User Profiles</a>
Points	Allow the user to edit points and <a href="#">Set User Points</a>
Invite People	Allow the user to invite people
Feature	Allow the user to mark users as featured
User Section View	Allow the user to view the Manage People section. This permission also allows people to: <ul style="list-style-type: none"><li>• Change their username</li><li>• View private profiles</li></ul>
Update All People	Allow the user to edit any profiles and any user's preferences
Delete All People	Allow the user to delete any users
Manage Permissions	Allow the user to edit user section permissions

## Setting User Section Permissions

1. Click the gear icon > **Manage People** > **User Section Permissions**.
2. Check or uncheck permissions.
3. Click **Save**.
