

Flagged Content

Version 12

Published 3/24/2017 10:34 PM by [Anonymous User](#) Last updated 6/22/2021 08:34 PM by [Grace Kamau](#)

Users can report abusive content to flag spam, profanity, abusive content, or other issues. Site administrators and moderators can deactivate, activate, or delete flagged content in the Control Panel. This feature helps you maintain a professional environment on your intranet.
