

# Edit Workflow

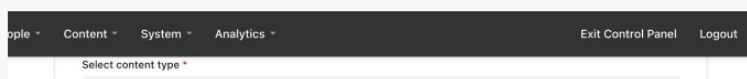

Version 9

Published 4/3/2017 12:08 AM by [Anonymous User](#) Last updated 2/17/2023 03:35 PM by [Christopher Hercules](#)

Here you can edit top level community workflows or space workflows.

Drag and drop to reorder the workflow steps. Steps will process beginning at the bottom with the step at the top being the last to process.

File Comment

Workflow name \*

Default File Comment Workflow

Description

The default workflow for file comments.

Activate this workflow

Workflow steps Add Workflow Step

Drag and drop to reorder the workflow steps.
