508 Compliance

At Axero, we strive to ensure that our product is consistent with governmental regulations and accessibility standards. This wiki provides an overview of how Communifire implements Section 508.

ADA Compliance

The Americans with Disabilities Act (ADA) Standards for Accessible Design state that all electronic and information technology must be accessible to people with disabilities. This wiki provides an overview of how Communifire implements ADA standards.

Content Security Policy (CSP)

Content Security Policy (CSP) is a security setting that sets the external sites your site can load resources from. If a resource comes from a site that isn't in the CSP whitelist, that resource is blocked. You can contact the Axero team to set the CSP for your intranet.

GDPR Information

The GDPR (General Data Protection Regulation) is a new EU Regulation which will replace the 1995 EU Data Protection Directive (DPD) to significantly enhance the protection of the personal data of EU citizens and increase the obligations on organisations who collect or process personal data. This page provides an overview of how Communifire implements GDPR.

HIPAA Compliance

Communifire complies with HIPAA standards, securing communication and collaboration with all key stakeholders.

WCAG 2.0 Compliance

Web Content Accessibility Guidelines (WCAG) 2.0 covers a wide range of

recommendations for making Web content more accessible. This wiki provides an overview of how Communifire implements WCAG 2.0 standards.
