

# Reset Page

Version 5

Published 4/17/2018 12:06 AM by [Grace Kamau](#) Last updated 5/17/2021 09:40 PM by [Grace Kamau](#)

---

Reset a User Profiles page to system default. The layout and profile fields will return to the system default. Custom profile fields and associated data won't be deleted.

1. Click the gear icon > **Control Panel** > **People** > **User Profiles**.
2. For the page, click the gear icon > **Reset**.
3. Click **Yes**.
