

# RSS Feed Widget

Version 2

Published 6/14/2018 05:56 PM by [Grace Kamau](#) Last updated 6/14/2018 06:02 PM by [Grace Kamau](#)

Use the RSS feed widget to display an RSS feed on any Page Builder page.

**Axero Support Videos**

The screenshot shows an RSS feed widget titled "Axero Support Videos". It displays three video items, each with a thumbnail image, a title, a subtitle, and a date. The first item is "How to Edit Your Homepage" (2/6/2018), the second is "How to Create a Space" (1/26/2018), and the third is "Communifire Quick Start Guide" (1/17/2018). Each item's thumbnail features the Axero logo and the video title.

**Title \***  
RSS Feed

**URL \***

**Total items \***  
10

**Title char length** **Summary char length**

The screenshot shows the configuration interface for the RSS Feed widget. It has a title bar "Configure Widget" with a close button "X". Below the title bar are four tabs: "Properties", "Template", "Advanced", and "Roles". The "Properties" tab is active. It contains several input fields: "Title \*" with the value "RSS Feed", "URL \*" (empty), "Total items \*" with the value "10", "Title char length" (empty), and "Summary char length" (empty).

## Properties

Property	Description
----------	-------------

Title	The widget title appears at the top of the widget
URL	The URL of the RSS feed
Total items	The maximum number of items to display
Title char length	The number of characters in an item's title to display before appending "..."
Summary char length	The number of characters in an item's description to display before appending "..."
