

Axero Intranet Browser Extension

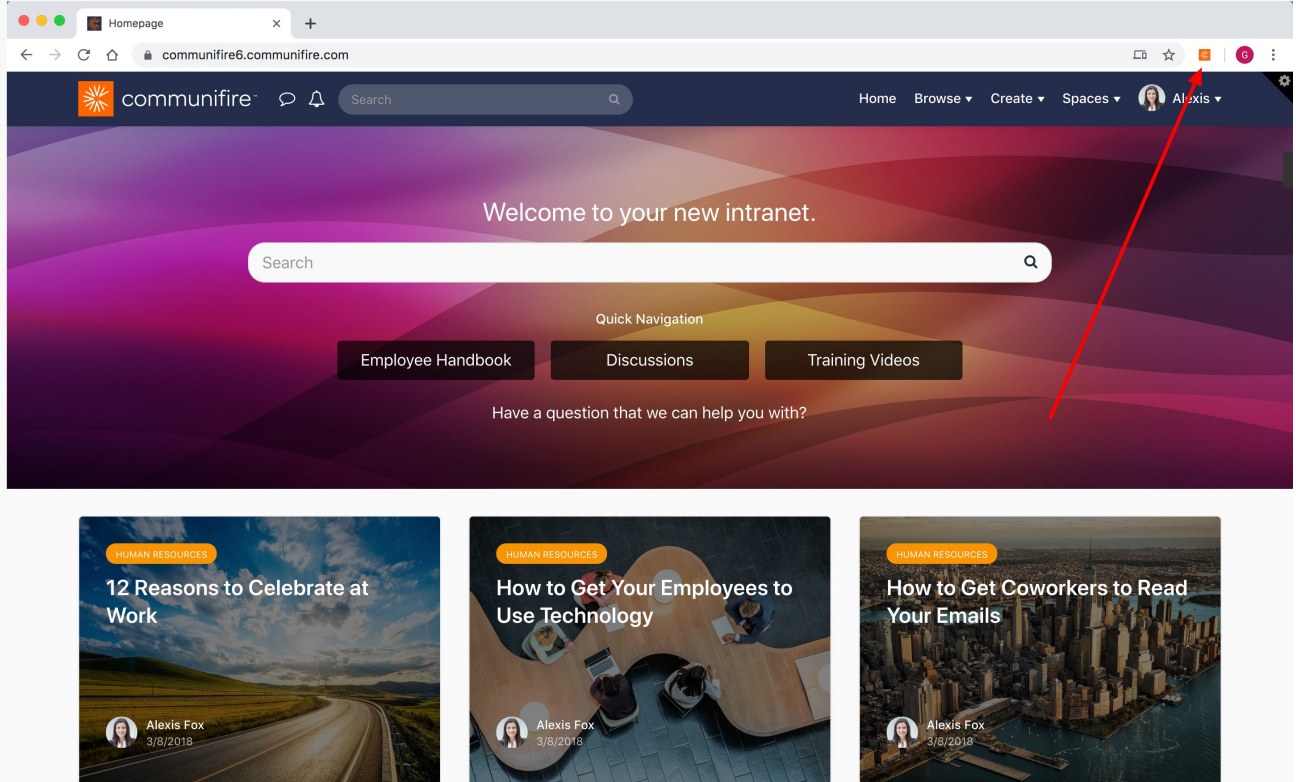

Version 8

Published 10/24/2019 04:59 PM by [Grace Kamau](#) Last updated 1/24/2024 02:29 PM by [Adam Ilowite](#)

Share internal and external links as a wall post to a selected space, using the Communifire browser extension.

Step 1: Install the Browser Extension

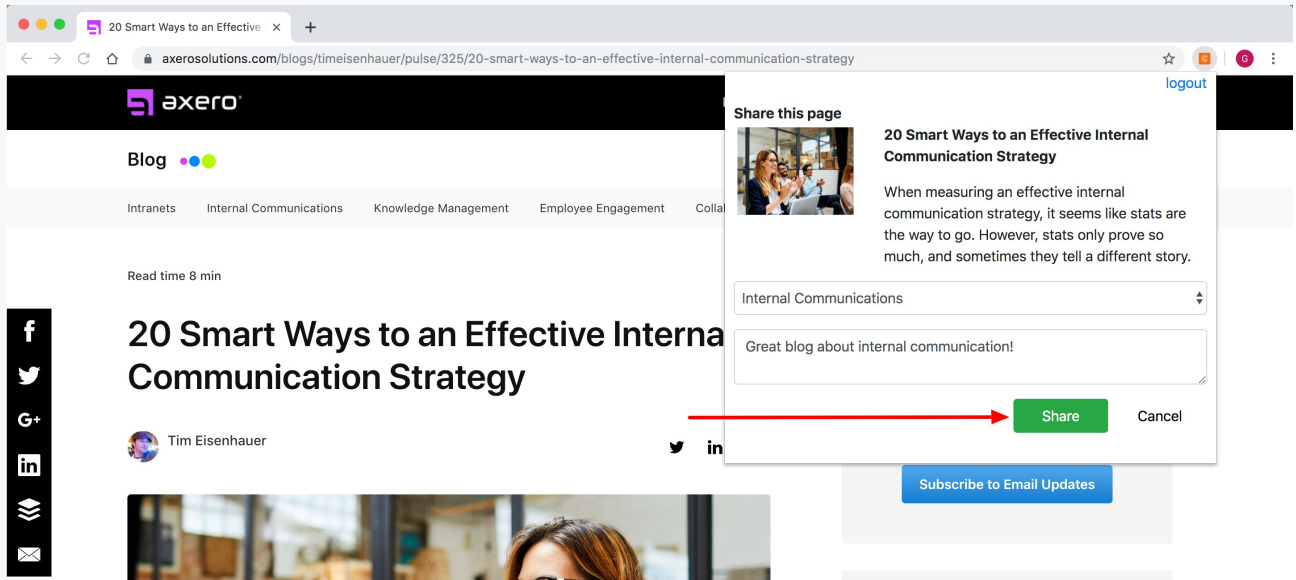

1. Download the extension for your browser: [Chrome extension](#)
2. Once the extension is installed, an orange Communifire icon will appear in your browser toolbar. Click the Communifire button.

3. Enter your site URL, username, and password to complete the setup.
4. Click **Submit** to log in.

Step 2: Share a Page

1. Visit a web page you want to share in Communifire.
2. Click the Communifire button in your toolbar.
3. Select a space.
4. Enter a message. The message will appear on the wall post.
5. Click **Share**.

Move work forward.

Imagine all your people,
conversations and documents
in one central, instantly
searchable hub.

[Learn more >](#)

The wall post will appear in the space activity feed as well as My apps and tools> Activity stream.

Alexis Fox

Great blog about internal communication!

20 Smart Ways to an Effective Internal Communication Strategy

axerosolutions.com

When measuring an effective internal communication strategy, it seems like stats are the way to go. However, stats only prove so much, and sometimes they tell a different story.
