Click **Leave Space** to remove yourself from a space. When you leave a public space, you'll still be able to view the space and its public content. When you leave a private space, you won't be able to view the space and its content.

How to Hide the Leave Space Button

Admin Add the following code in Control Panel > System > CSS Overrides to hide the leave space button in all spaces.

```
/*Hide Leave Space button in all spaces*/
li[id$='LeaveSpace'] {
    display: none;
}
```

Use the following code to hide the leave space button in a specific space. Replace `x-custom-space-human-resources` with the class name of your space. This can be found in the HTML source in the body tag. Refer to [CSS for Spaces](#).

```
/*Hide Leave Space button in the Human Resources space*/
.x-custom-space-human-resources li[id$='LeaveSpace'] {
    display: none;
}
```
