

Change Header

Version 6

Published 10/15/2020 06:20 AM by [Grace Kamau](#) Last updated 5/17/2021 10:13 PM by [Grace Kamau](#)

The navigation header appears on all pages and provides quick links to your homepage, content, spaces, and personal apps and tools. The header also has a quick search bar and dropdown menus for your chat messages and notifications. Communifire comes with two default headers. You can change the active header in the Control Panel.

1. Click the gear icon > **Page Builder** > **Header**.
2. In **Active Header**, select a header.
