The XS - Newsroom File List template displays a list of files with file extension icons so you can see at a glance what kind of files have been uploaded. The template is a built-in template and comes with your Communifire site. To use the template:

1. Add a [Content List Widget](#) on a Page Builder page
2. Edit the widget
3. Filter by the file content type
4. Select the XS - Newsroom File List template in the Template tab
