The Nav - Banner Navigation Item template displays a link with an image to the left. The template is a built-in template and comes with your Communifire site.

How to use the Nav - Banner Navigation Item template

1. Add a [Navigation Widget](#) on a Page Builder page
2. Edit the widget
3. Add navigation items
4. Upload foreground images in the Advanced tab of each navigation item

A screenshot of the "Configure Widget" dialog in the Page Builder. The "Properties" tab is selected. The "Title*" field contains "Launch Pad". In the "Navigation Items" section, there is one item listed: "Office 365" with an "X" icon. Below it, the "Item type" is set to "URL" and the "URL*" field contains "https://login.microsoftonline.com/". A red arrow points from the text above to the "Advanced" tab of the navigation item's configuration. The "Advanced" tab is currently active. At the top right of the dialog are "Delete" and "Save" buttons, with "Save" being green.
