Setting Badge Permissions

The screenshot shows the 'Control Panel' interface. At the top, there is a navigation bar with 'Control Panel' and dropdown menus for 'People', 'Content', 'System', and 'Analytics'. The 'People' dropdown menu is open, showing options: 'Manage People', 'Roles', 'User Profiles', 'Getting Started Steps', 'Points', 'Point Levels', 'Badges', 'User Section Permissions', and 'User / Space Assignment Rules'. A red arrow points to the 'Badges' option. Below the navigation bar, the main content area is titled 'Control Panel' with a welcome message. There are several statistics cards: 'Pending Activation' (0), 'Admins' (2), and 'Banned Members' (0). Below these are two blog posts from 'Axero Solutions Blog'.

The screenshot shows the 'Badges' management page. The top navigation bar is the same as in the previous screenshot. The left sidebar is titled 'MANAGE BADGES' and has four items: 'Badges', 'Challenges', 'Permissions', and 'Settings'. A red arrow points to the 'Permissions' item. The main content area is titled 'Badges' with a trophy icon. Below the title, it says 'Total records: 10'. There is a table with columns: 'Badge', 'Title', 'Challenge', 'Status', 'Dat', and 'Cre'. The first row of the table has a checkbox in the 'Badge' column.
